CAPITALISTS MAY INVEST IN CITY

RICH LOS ANGELES REAL ESTATE DEALER VIEWS LOCAL PROPERTY

Herman Druillard, a prominent real estate operator of Los Angeles and one of the officers of the West Coast Investment company, accompanied by D. C. Smiley, of San Francisco, visited Richmond today.

"This is my first trip here" said Mr. Druillard, 'and I simply came to look over the city. My company is expanding its operations greatly and it is possible we may make some investments here. We have just closed out a large tract of land between Los Angeles and the Palms. This tract we subdivided and sold in lots to home builders. We have several other tracts, one near San Diego, which we are handling in the same manner."

Mr. Druillard expressed himself as greatly pleased with conditions in Richmond and with the spirit of optimism which he found among the bankers and business men of the city he met.

ALTA MAYFIELD IS MUCH IMPROVED

Alta Mayfield, the nine-year-old daughter of Mr. and Mrs. F. A. Mayfield who has been quite ill for the past few days, is reported rapidly improving under the attention of Dr. Caesar.

NEW MACHINE COMPANY TO START PLANT IN RICHMOND

PLANS LAID CALL FOR IMMEDIATE EMPLOYMENT OF 100 MEN; BUILDING ON THIRD, NEAR CUTTING CANAL TO BE USED

An announcement of the utmost importance to residents of Richmond and vicinity was made this morning by Major D. W. McLaughlin when he stated that a machine and boiler company has been organized, property for a plant purchased here and that immediately upon starting 100 men will be employed.

Articles of incorporation are now being prepared according to Major McLaughlin, and will probably be filed within a few days.

"The name of the new company will the the Richmond Boiler and Machine Works," said Major McLaughlin, who was the principal promoter of the enterprise and will be actively behind it during its life, "and we have already secured the property formerly occupied by the old Richmond Foundry on Cutting canal at the foot of Third street..

"It is our plan to increase the size of the building there greatly and architects are now engaged in drawing up plans for the alterations and additions.

"We have purchased our tools and the work of installing the machinery will go steadily ahead from now on. No, we have not filed our articles of incorporation as yet, but our attorneys are drawing them up and I expect to have them in the county clerk's hands within a very few days.

"While we will make a specialty of the oxy-acetylene method of welding we will also manufacture machinery and repair old.

"One of the arguments which principally interested the men who put up the finances for this concern was the big improvements to be made at the harbor, and knowing the great advantages which will come to the city as a result of them these men did not hesitate to put up the money needed.

"We will put one hundred men to work immediately and count on increasing the force steadily from then on.

"We have been assured of all the work of several of the largest factories on the bay, among them the Giant Powder Works and the Hawaiian Sugar Company."

There will be a dual management of the new company, A. J. Timmons and Edward Dustin, both experts in their lines being in charge.

MERRY TIME AT EVENING PARTY

In their prettily decorated home on Bissell avenue Mr. and Mrs. C. S. Warren last night entertained a jolly party in honor of Mr. and Mrs. W. W. Ware, their daughter and son, Beatrice and Virgil, of Des Moines, Iowa; and J. B. Harden, of Weber, Kansas. These easterners are making an extended tour of the coast, combining business with pleasure.

Whist was the game of the evening, but a musical program, of both instrumental and vocal selections was also given. Those present were George Geigoldt and wife, James Towers and wife, W. W. Ware and wife, daughter and son, Mr. and Mrs. Ardway and daughter, Miss Fussler, Miss Eva Munn, Miss Pearl Munn, Elias Mukkelson, S. E. Turner, J. B. Harden, Mr. and Mrs. Townsend of Los Angeles, Mr. and Mrs. Wright and Mr. Edwards.

The prize winners in the whist games were: Mrs. Ware and Mr. Mukkelson. The consolation prizes were won by Mrs. George Geigiodt and James Towers.

COMMITTEE OF CONGRESS COMING

PROPOSED IMPROVEMENTS IN INNER HARBOR WILL BE INVESTIGATED

Sheriff R. R. Veale has received word from Congressman C. F. Curry that in all probability the Rivers and Harbors committee of Congress will visit California early in August and it is expected the members will visit Richmond and investigate the improvements needed in this vicinity.

The civic organizations of the county will be informed at once of the proposed trip of the committee and it is probable arrangements for their reception and entertainment will be started immediately.

In the letter received by the sheriff Congressman Curry also states that the Richmond inner harbor appropriation will meet with no opposition in the senate and will undoubtedly pass that body without delay.

JUNE'S RECORD OF BRIDES THIRTY-THREE

June had thirty-three brides to its credit as that is the number of marriage licenses issued during the flowery month just passed, by County Clerk J. H. Wells.

It is a record breaker in matrimonial happiness distilled and shows that this county is becoming something of a "Little Church Around the Corner" for those who have been smitten by the darts of cupid.

The county recorder sighs on pondering over the business of his department for the month of June. Mr. Hurley confesses there was a big drop from the doings of last month. "But things show up in summer," he sorrowfully explains.

The fees received by him during June amounted to $958.75, and the instruments filed reached a total of 666.

Attends Sister's Funeral.

Mr. and Mrs. Quinn, of this city, visited San Francisco yesterday to attend the funeral of Mr. Quinn's sister, Mrs. Eugene Lilly and her son, Eugene Lilly.

NO PUBLICATION OF RECORD-HERALD ON INDEPENDENCE DAY

As tomorrow is Independence Day the managers of the Richmond Record-Herald have decided to suspend publication for the day in order to give the employees an opportunity of celebrating the anniversary of the country's birth.

FINANCIERS PLAN NEW BANK FOR RICHMOND

Information given out in Richmond financial circles is to the effect that a new bank, backed by local capital and with John Nicholl as president, will soon be started in Richmond, and that in order to properly house the institution a magnificent new building will be erected on some prominent business site, the exact location to be selected in the immediate future.

For some time Mr. Nicholl and directors of the Bank of Richmond have been discussing the project, but nothing definite was decided on until a few days ago.

Those interested in the starting of the new bank are said to be John G. Regello, George E. Lee, E. M. Tilden and W. Stairley, cashier of the Bank of Richmond, Harry Ells and L. M. Mintzer.

HUNTING FOR MAN WHO CASHED CHECK

Local police officers are searching for a man who represented himself to be a Dr. Kennedy and who cashed a check for $2.50 on a local drug store this morning. The check signed with the name C. A. Brown. So far the police have been unable to locate either a C. A. Brown or a Dr. Kennedy and the bank has turned down the check.

To Re-enter Business.

R. C. Adams, accompanied by his wife and daughter, left today for Los Angeles, where Mr. Adams will engage in business. He formerly owned a cafeteria there and plans to re-enter that business.

VETERANS OF CIVIL WAR GUESTS

SOLDIERS OF SPANISH-AMERICAN CONFLICT TO BE HOSTS ON JULY 4TH

Veterans of the Spanish-American war, soldiers who fought in the Philippines and China campaign, will tomorrow turn the nation's great holiday, July 4, into a reception day for the veterans of the Civil war and Grand Canyon Park will be a gay and merry scene while this reception is progressing.

All arrangements for the big day have been made. The bands engaged will be on hand from early morning and the committees in charge assure all that there will be at least one band playing every hour of the day.

The first exercise in the morning will be at 9 o'clock. At that hour the flag will be raised, while all stand uncovered. Following this service there will be a series of drills and military maneuvers, and many a man who has not heard the familiar "hip, hip, hip" of his officers in years will again throw back his shoulders and bring down his feet in a firmer tread in answer to it.

At 11 o'clock the sham battle will start and for a full half hour two armies will battle with each other for the possession of the flag and prisoners. At 11:30 those prisoners captured during the battle will be given the "water cure" by their captors, and a great deal of fun is looked for.

Following this the Declaration of Independence will be read and promptly at 12 o'clock luncheon will be served.

It has been decided to have the dancing start at 1 o'clock in the afternoon and to allow it to continue until midnight when taps will sound. But in addition to this there will be athletic sports for prizes between 2 and 4 o'clock in the afternoon; the lowering of the flag with a military salute at 6 o'clock and a baseball game between picked teams.

ODD FELLOWS AND REBEKAHS HOLD JOINT INSTALLATION

A joint installation of officers was held in Bank hall last evening by Eclipse lodge of Odd Fellows and Richmond Rebekah lodge No. 403.

The affair was one of the most elaborate ever held in this city and its success reflected much to the untiring efforts of the committee who had charge of the evening's affair.

The installation of the new heads for the Odd Fellows was in charge of District Deputy Grand Master A. A. Waldie of Antioch while District Deputy Grand President Mrs. I. Preston of Byron handled the installing of the new officers for the Rebekah lodge.

The new Odd Fellows installed were:

Noble grand, Fred Arrath; vice grand, Fred Lautenschlager; right supporter of noble grand, C. A. Sbell; left supporter, Mr. Inman; right supporter to vice grand, Albert Grasser; left supporter, Mr. Williams; chaplain, M. R. Roberts; past grand, F. W. Hickman; conductor, G. H. Powers; warden, Mr. Reynolds; R. S. S. Mr. Cobb; L. S. S., Mr. Drexell; inside guardian, Mr. Perez; outside guardian, Ernest Dyer.

Rebekahs installed:

Mrs. Mary Lucas, noble grand; Mrs. R. Dyer, vice grand; Miss Margaret Shea, recording secretary; Minnie Davis, financial secretary; Mrs. Myrtle Powers, treasurer; Miss Laura Millerup, warden; past grand, Mrs. Amy Thrall; chaplain, Mrs. Eva Conley; Mrs. Katherine Grasser, R. S. N. G.; Mrs. Elizabeth Wright, L. S. N. G.; Mrs. Rose Handley, R. S. V. G.; Miss Ida Rodreguez, L. S. V. G.; Mrs. Stella Milroy, inside guardian; Ralph Milroy, inside guardian; Ralph Redmond, outside guardian.

Following the installation ceremonies a delightful banquet was served by the following committee: Mrs. Mattie Alderson, Mrs. Adeline Clarke, Mrs. Largent, Mrs. Lillian Duce, Mrs. Rose Handley, Miss Ida Rodreguez and Mrs. Stella Milroy.

A Man Who Has Several, and OUGHT TO KNOW, Said:-

Every time you look at a small boy he needs a pair of shoes.

That's the trouble with all boys and most boy's shoes. A boy's shoe must fit the boy, have the style that pleases his mother, and wear so well that even his father will be pleased

Our Boys' and Little Men's GOODYEAR WELTS meet these points squarely, the style about these Shoes will attract the mother's eye at a glance, and when she thinks of the boy's father and asks, "Will they Wear?" we can confidently answer YES.

BRING YOUR BOY AND LET US FIT HIM.

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

EVERY RICHMOND LOT A WINNER

A new poet has shot athwart the morn who, if he does not get shot in the meantime, a danger all poets have to face, is liable to develop into "some poet." He is Mr. Robt. E. McGill, a real estate man of San Francisco and Richmond, and he made quite a hit with a Richmond poem written on the train en route back to Washington last summer when the boosters stirred up the congressional appropriation for the Richmond harbor. We give space in this department to the following from Mr. McGill not so much because it is in jingle as because it states some truths about Richmond:

See the eager crowd that's waiting to take the Richmond car
All filled with expectations; Can it be they're going far
To seek a Sunday outing in some park or shady dell?
If you'll listen you'll soon gather from the conversation's swell.

That they're going, (if you follow you'll be glad, very, you went and acknowledge that you never a better outing spent),
To the bustling town of Richmond that's outstripping all the rest,
The town that now is known as the "Pittsburg of the West."
Where a fairy wand has lifted as it were within a night,
From the earth those structures mighty, scattered broadcast left and right;
Where the hum of busy progress all around you smites the ear,
Where factory site and home site their handsome fronts uprear.

Yes, to Richmond they are going and no wonder you will find,
To embrace an opportunity as should all, who are not blind
To such a safe investment, Where values upward creep,
And you'll find that what you've purchased has redoubled while you sleep.

Do not loiter by the wayside—strike the iron while it's hot—
Get in line and make your purchase, every one's a winning lot—
So join the throng that's going, take the fast electric car,
And you'll find yourself in Richmond and be glad indeed you are.

For 'tis seldom you are offered and 'tis seldom you can get
A chance that's sure to pay you and one you won't regret.
Go now, don't stop to ponder whether you should go or stay,
Don't say, "I'll go tomorrow," but GO AT ONCE TODAY.

You can't teach a spendthrift that somebody else is not to blame for it.

Politics makes strange bedfellows, but we don't have to sleep with them.

It used to be the criminal who got hung, but now it is the jury.

In grandmother's day 'twas the wide flaring skirt
To which every man doffed his hat.
'Twas considered the acme of grace and of style,
But now it is nothing like that.

Judging from the dispatches there has been a split in the bull moose party in New Jersey. Some people "split hairs."

An English woman in New York complains in the papers about the indecent bathing suits of the American men. It struck us just that way, too, at Coney Island last summer. The lady's complaint is entirely justified. The average he fool who disports himself in the surf about one-fourth clad is enough to make a buzzard sick. He thinks he is an Adonis, when he is only an ass.

ALLEGED TRUTH SEEKERS

Some kind reader has favored this department with a copy of the "Truth Seeker" a paper published in New York calling itself a free thought and agnostic newspaper. Inscribed on the margin of the copy that blen into this sanctum appears this admonition in blunt pencil marks: "Look this over, and perhaps subscribe—don't slander the wisest, truest and most courageous men."

Well, we have looked it over, but are not going to subscribe. Always are we willing to read most anything that can be got hold of, except ancient classics and the king of fiction Chambers writes for modern magazines. We read a lot of foolishness, including our own compositions, but make it a rule when we read rot to get it free. We refuse knowingly to pay our perfectly good money in purchase of either fake philisophy or pinchbeck profundity in matters of religion, economy, politics or anything else. As for slandering anybody, we are not guilty. We did say in these columns a while back that Robert G. Ingersoll was a word painter and, because word painting is next to useless of itself, a word painter does not compare favorably with a house painter. We did say that, and will stick to it, slander or no slander. Also, we will now go so far as to remark that when a person or a paper calls himself or itself "truth seeker" the chances are that he or it is seeking no such thing. The quest is usually not for truth but for opportunity to pound the so-called seeker's opinions or prejudices into somebody else's acceptation of the truth. The "freethinker" is seldom if ever true to his label. He is no more a free thinker than he is a gourd fiddle, for it is given to no man to rise in his mentation above his inheritance, and always his inheritance circumscribes him in certain set forms of thought which positively inhibit perfect freedom. Only the infinite is free-thoughted. No brains bound up in a skull of bone, varying in thickness from the newborn infant up to the armor plate variety of some agnostics we have met, can possibly give birth to thoughts that have no limitations, and only in limitlessness is freedom.

If a man wants to believe that his great great grandfather was a ring-tailed baboon, he probably is entitled to that right, and we shall not seek to take it away from him, though deploring the fact that in taking an account of stock himself he has doubtless ran across more or less apartn reason for so believing, but we deprecate his usual tendency to endeavor to point it out to everybody else.

No matter what kind of creed or religion a man may have, or how much you disgrace with it, never seek to tear it down or deprive him of it, unless you have something better to give him in place of it, which you have not.

Mediation seems to have developed into meditation.

It is less than six months until Christmas. Do your shopping early.

Wherever God's temples arise, there, also, the devil manages to erect some sort of a little chapel.

Whatever honor may or may not be given to a prophet, if you spell it "profit" it gets honor in every country.

"Wanted, a Woman to Cook," reads an advertisement. Most of 'em are sweet enough to eat without cooking.

Few candidates ever become so good that they don't need, figuratively, a carbolized bath and clean garments after making a run for office.

Politicians may be interested in the following from George Fitch: "The word 'demagogue' comes from the Greek words meaning 'to lead the mob.' According to Prof. Taft and other eminent authorities, 'the mob' means the ordinary voter who tries to butt in and help govern the country. Thus the word 'demagogue' is more or less of a complimentary term—depending entirely on the direction in which the said demagogue is leading his mob."

A TALK WITH A MAN

Mr. Hollen of 219 Standard Avenue, Tells of an Interesting Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Richmond man:

"For several years I suffered from kidney disorders," says Mr. Hollen, of 219 Standard Ave., Richmond. "I felt all run down and was unfit for work of any kind. If it hadn't been for Doan's Kidney Pills, I am certain that I couldn't have kept up. Whenever I use this remedy, the kidney secretions stop bothering me and my back gets strong and free from pain."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hollen had. Foster-Milburn Co., Props., Buffalo, N. Y.

CONTRA COSTA COUNTY NEWS

Great Contra Costa Industry.

In reading over the Crockett Signal for news of that lively and important sugar manufacturing town, we ran into the following very interesting description of the Selby Smelting and Lead Company's works at Selby, a few miles up the San Pablo bay from Richmond toward Crockett. In order to give it space we have to cut down the space usually allotted to other towns, but they won't mind that for this once, as we will get around to a similar writeup of their particular industry in due time, so that if you will take the trouble to preserve a file of this paper you will have in course of a year a pretty complete history of Contra Costa county, its towns and industries, which will be exceedingly valuable for reference in the years to come.

Relative to the Selby smelting and lead shot industry the Signal says:

"Closely linked with the history and progress of the Pacific Coast has been that of the Selby Smelting & Lead Company.

"When one gauges the scope of the company's immence undertakings there is a decided tinge of romance in the reflection that they had their inception back in the pioneer days of San Francisco, in an iron and hardware store owned by Thos. H. Selby.

"That the story is too long to be given in detail in an article would be apparent when the present corporation's range of industries is considered—smelters and refineries of ores and bullion, manufacturers of shot, lead pipe, sheet lead, babbits, solders and many other articles containing lead; bluestone and loaders of Selby shotgun shells. For the present, therefore, we will review only the history and development of the manufacturing and shell loading branches.

Founded By Hardware Man.

"If one should ask any pioneer of the Bay region what was the best known landmark in San Francisco up to the time of the general conflagration of April, 1906, his ready answer would be "Selby's shot-tower," for as such it was known right up to the day of the fire.

Built in 1864, in the days of all-wood construction, the old tower was very different in appearance to the modern one erected at Selby in recent years to replace it. The latter is steel and concrete throughout and contains every appliance that ingenuity could devise for the production of shot true to size and perfect in roundness and finish.

How Shot Are Made.

"The lead from which Selby shot is manufactured comes into the plant as ore, principally from the Couer d'Alene district, and is smelted and refined into a number one grade of pig lead, which will average over 99.9 per cent pure. The shot is made up in pigs on the ground floor of the tower, then transferred by elevator to the top of the tower, where it is again melted in a smaller kettle, from which it is run to the shot pan—a sort of sieve, the holes of which vary in accordance with the size of shot to be made up. As the lead is strained through this pan it drops about 150 feet into a well, during which fall it takes its globular shape. The shot is then reased from the well by automatic machinery, and after being dried and the imperfect pellets taken out, is polished, sized and sacked ready for the market.

Invented the First Automatic Loading Machine.

"In the late '80s the first automatic machine invented in the United States for loading shotgun shells was installed by the Selby Smelting and Lead company, and while there is no doubt it was a very ingenius device for the period, it was but a plaything compared with the larger automatic machines no win operation at the company's factory.

"Selby loads became popular immediately, and to take care of the demand of the entire Pacific Coast the large factory at Selby, adjoining the company's smelter and refinery, was soon afterward built. It is worthy of note that the machines in use today were invented and perfected right in the Selby factory.

"Taken as a whole, the Selby Cmelting and Lead company gives employment to hundreds in Contra Costa county, maintaining the towns of Selby and Tormey, while many of the employes come from the surrounding country, including Crockett, Valona and Rodeo, Pinole and Richmond.

Thus it is that the spirit of home industry builds largely and will grow from small beginnings, and even Thomas H. Selby himself could not forsee that the hardware store of early days would in half a century become one of the largest interests on the Pacific coast."

Martinez is beginning to seethe with politics, most of the candidates of the county either living or holding office there. It also has some big industrial projects on foot which promise well for the immediate future; and it is going to spend the Fourth of July at Concord. That is about the bulk of the most important news from Martinez this week, except that Editor Rugg has a new spark plug for his automobile and Editor Sharkey a new red necktie. Lord knows where those fellows get all the money.

The Carquinez Woman's Club at Crockett paid for hauling away the rubbish if the people would only gather it up, and so July 1st was designated as "clean-up day" and the town now looks better, also smells better. "Dingbat" of the Sentinel also took a bath, and Manager Rolph set up the sugar, so everything and everybody is sweet and clean.

Editor Joe Tracey continues to eat fish as brain food, and no wonder. Just harken to this fish story from his paper, the Pittsburg Post:

"The American Fish & Oyster company has received 6 cars of Monterey salmon the past week, to be re-packed and distributed to the trade from the cold storage plant at this place. So far this season more than 800,000 pounds of shad have been packed by this company and yet the facilities of the big concern have not been overtaxed. Although the local fishing business this season is said to be below normal years the big cold storage plant of the American Fish & Oyster company serves as a magnet for a large area and enormous quantities of fish come this way for re-packing before entering the markets."

We met Harry Hammond on a ferry boat a few days ago, and he was singing a song about the greatness and glories of Contra Costa county to a large and appreciative audience. When Harry ain't boosting he is fast asleep and he keeps everlastingly at it, which is what counts. Last week his Byron Times boosted Sheriff Veale two columns worth for re-election for sheriff, in both black and red ink, which ought to square him with the law minions so he won't get thrown in for some time to come.

Antioch is getting to be a great fruit shipping port, as witness this from the Ledger:

"The steamer Frances is arriving daily from up-river points, with fruit consigned to eastern cities and while it is early, there is renewed activity around the local Santa Fe warehouse. The new building just completed, is probably the best and most commodious structure of the kind to be found along the river and will undoubtedly be the scene of heavy shipping during the next few months.

"Already the California Fruit Exchange has their representative here, being Mr. McCord, one of the best known fruit men on the rivers and he is making arrangements for handling the various consignments which will arrive during the next few days.

"Several other fruit shipping firms have arranged to handle their shipments from this point and as predicted last season, Antioch will soon be one of the principal fruit shipping points on the river."

Walnut Creek has a library of which it is justly proud. It has nearly 700 books and over 300 members. A new and modern school is also in contemplation by the good people of that town, and many other improvements, beside incorporation. Walnut Creek is in one of the best sections of the best county of the finest state in the grandest country on earth

NOTICE OF FILING OF AFFIDAVIT OF POSTING.

NOTICE IS HEREBY GIVEN that under and in pursuance of that certain act of the Legislature of the State of California, known and designated as the "Park and Playground Act of 1909" there has been filed in the office of the Superintendent of Streets of the City of Richmond on the 1st day of July, 1914, the affidavits of W. E. Imbach and H. D. Chapman, showing that on said 3rd day of July, 1914, said W. E. Imbach posted notices of public improvement conspicuously and as near as possible along the exterior boundary lines of the land described in Ordinance of Intention No. 360 of the City of Richmond, which it is proposed to condemn for the purpose of a public park, which said notices were posted as aforesaid, at not more than one hundred feet in distance apart, and not less than three in all.

That the lands proposed to be condemned for the purpose of a public park are set forth and described in said notice of public improvement, as follows: All of Blocks One (1), Two (2), Three (3) and Four (4), as shown on Map No. 2 of "Richmond Terrace," filed in the office of the Recorder of Contra Costa County, California, on the 29th day of April, 1907. All of said property being situate in the City of Richmond, County of Contra Costa, State of California.

All persons desiring to object to the sufficiency of said posting shall file written objections thereto with the Council of the City of Richmond not more than twenty (20) days after the date of publication of this notice.

H. D. CHAPMAN,
Superintendent of Streets of the City of Richmond.

Dated and published this 3rd day of July, 1914. 1t

HOW BABIES CAN WIN PRIZE MONDAY IN SHOWER OF GOLD

The many friends of the little contestants in the Record-Herald's Shower of Gold contest are sending in coupons in support of their favorites. The coupons are vote-getters; fet all of them you can, but just imagine what even a one year subscription would mean to you. It does not matter whether it is new or old, so long as it is paid in advance. It counts 5000 votes just the same. A few of these would put you in first place. There is not one in the contest who can be satisfied with the votes they are getting at the present time. One or two of the workers smile mysteriously when reminded of their shortage of votes and soon they are going to spring a surprise and secure a lead unless you get busy. Rally your friends and go after more votes.

The Last Reminder.

Tomorrow is July 4th and there will be no more announcements until Monday evening, July 6th, when the winner of the special period prize will be announced. The winner of this prize will have a choice between the handsome mission rocker and a solid gold necklace or bracelet. It is to be given to the one who has turned in the greatest number of votes during the week ending July 6th. Lloyd Nystrom Mason leads at the present time with 5085 votes, this number being turned in since last Monday. Just a small effort on your part and the prize is yours. Start today. All votes coming to this office before 6 o'clock, Monday, will count in the race for this prize. The standings at noon today were as follows:

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backachy or Bladder trubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritiated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases. —advt

GREAT SONG BOOK DISTRIBUTION

Closes in a few Days

No time to lose now, so get your song book coupons together and present them at this office without delay. You'll want this splendid collection of old melodies after the offer is withdrawn, but you can't get it then for love nor money. So ACT AT ONCE.

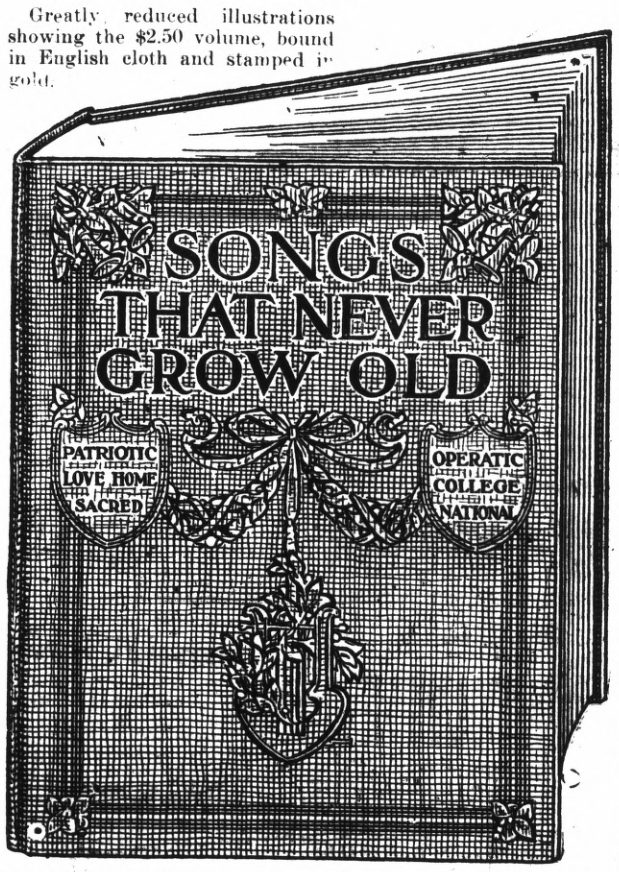
Just clip the coupon printed daily in another column and present it, and the small expense amount of 79c

Paper Bound, 49 Cents

We strongly recommend the heavy cloth binding, as it is a beautiful book that will last forever.

In this column are all the old favorites bound together in one beautiful volume; printed in large, readable type; the music so clear and large that it can be easily read from a distance where several persons are standing around the accompanist; and every song in this collection is a recognized popular melody. In this book there are no one-line chantys; no ancient roundelays; no excerpts from wornout musical comedies; no trash; but every song of love and home; every sentimental and college song that you love; every patriotic and sacred song that is dear to your memery; and all the old masterpieces from the grand opera.

Greatly reduced illustrations showing the $2.50 volume, bound in English cloth and stamped in gold.



SEVEN SONG BOOKS IN ONE

Comic Songs, Sentimental Songs, Sacred Songs, Patriotic Songs, College Songs, Operatic Songs, National Songs

Printed separately, even with the cheapest paper cover, these would be priced at 50 cents each, or a total of $3.50; but here is the complete collection, all in one splendid volume.

WITH WORDS AND MUSIC COMPELE

presented as explained in the coupon printed daily.

In addition to this splendid array of beloved old favorite songs there are also

69 PORTRAITS of Famous Vocal Artists

OUT-OF-TOWN READERS

FIVE YEARS OF SUFFERING ENDED

KIDNEY, LIVER AND HEART TROUBLES CURED QUICKLY

Here is the experience of a woman who had almost given up hope of being cured after several doctors had failed to give more than temporary relief. Her experience is but that of hundreds of others, who have consulted Doctors Chan and Kong, the eminent Chinese medical practitioners. The wonderful results obtained in all curable diseases by herbs and compounds, as given by these doctors, is told in a booklet of testimonials which will be mailed to any sufferer on request. Those who wish to call will receive a free consultation and pulse diagnosis.

Anyone mentioning this article will be given a special seven days' treatment at a reduced fee that barely covers the cost of the herbs used. Those taking advantage of the special offer will be requested to call daily for a week, for treatment.

Kidney and Liver

Centerville, Oct. 20, 1913.
Dr. Kong.

To Whom it May Concern: After doctoring for five years with other doctors for kidney, liver and heart trouble without relief, by chance I read your advertisement and said I will take the last chance. After the first treatment I got great improvement, and after taking your herb treatment for three months am glad to say that I am entirely cured of my trouble. It is with much pleasure that I testify regarding your skillful treatment of my case. I heartily recommend you to those who suffer from any sickness whatsoever. If anybody wishes further information I will gladly give it to them.

Respectfully yours,
(Signed) MINNIE CABELL.

Doctors Chan and Kong are located at 901 Clay street, Oakland. Out of town people may write for free diagnosis blank. advt.

LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is mussy and ut-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant. Advt.

FRANK J. CASE 1010 MACDONALD AVE.

A BRIEF RESUME OF THE WEEK'S EVENTS IN AND AROUND RICHMOND

At this writing there is a persistent rumor to the effect that John Nicholl has a realty deal on with New Hampshire parties, who are now en route here from Los Angeles, for his tract opposite the high school on 23rd street, and that he had quoted them a price of $800,000.

Mr. Nicholl is away and others close to him in such matters claim to know nothing about it. The land in question embraces a large area and it is generally understood that Nicholl has refused to consider selling it for any less sum than one million dollars. Anyhow, whoever gets that piece of land, even at a million, will clean up another million on its subdivision and resale. Our guess about this rumor is that there is such a deal on, but that it is not completed yet,—and that nobody knows what the money consideration is except the interested parties, and they won't tell.

Bids are in for the paving of Cutting Boulevard for about two miles, and constructing the sewer thereon, and the contract will be let at the next meeting of the city council. The work will cost from $85,000 to $100,000 and is one of the biggest jobs of the kind ever let in Richmond. It is to be paved with bitulithic pavement full 110 feet wide and will be something elegant when completed.

Chandler, Bourn & Miller have moved their offices from the Russ building on Montgomery street, San Francisco, to a large and elegant suite of offices in the new Underwood building, on Market street. They are spending a lot of money improving their two Richmond tracts on the Stege harbor front, called the Harbor and Keystone Business Blocks. They are live people, conservative business men and are doing their share in boosting not only the waterfront section but all of Richmond.

The first work on inner harbor improvements, which will mark eventually the expenditure of $2,000,000 to put Richmond on the seaport map, was ordered advertised for bids by the city council this week. It is the construction of a $60,000 bulkhead from the outer wharf at Point Richmond easterly toward Point Potrero.

This bulkhead will hold the fill to be made later and City Clerk A. C. Faris will call for bids at once.

George McPherson is off on his summer vacation in the wilds of Trinity county. He has a gold mine up there and will pan out a ton or two of gold while he is enjoying being next to nature.

The Western Reclamation company, dredging out the channel at the Ellis Landing and Dock company's tract on the southern inner harbor front, is under a $50,000 bond to complete the job on November, and as they are not half through yet they are getting a big move on to keep from forfeiting the bond. They have to fill in nearly half a million cubic yards of dirt in reclaiming the tidelands there and making it eight feet higher than it now is, which is some tremendous job. The dredger Richmond, which has been at work on Cutting canal, will likely be pressed into service also to rush this work from now on. Six hundred feet of rock bulkheading is being built, and when this is completed the ships can ply between that port and San Francisco. President M. Emanuel is patting everybody on the back about the work, and he is some patter.

Major McLaughlin and E. Downer were deep in the intricacies of two new dwelling houses this week which are scheduled to go up on East Richmond Heights, one for each, and had no time to talk even politics. The Major is going to put a cupalo on his, while Downer, being a banker, will put a mortgage on his.

Herbert Brown is still in the east, on business regarding the installation of another big factory on the Brown-Andrade tract in the northern section of this city.

Ben Schapiro and associates are meeting with pleasing success in putting their new tract on the market, located adjoining San Pablo avenue and extending into the east hills, and H. A. Johnston, the general Richmond manager, reports sales lively.

The Richmond-Contra Costa exhibit is being added to every day and is attracting favorable attention in San Francisco. Many people, men and women, visit it every day and are told all about this city and county. Yesterday a fine shipment of porcelain ware from the plant of the Western States Porcelain Co. arrived and was installed, with framed pictures of the plant, exterior and interior, and an appropriate framed sign announcing that Richmond has the only porcelain works west of New Jersey, with about a million dollars invested here in that industry. The samples put in by the Western States company are something exceedingly nice, and show the very best workmanship, and the highest degree of art in that line. Other industries will be added every few days until everything manufactured in Richmond or Contra Costa county will be shown. Burg Brothers took part of an editorial in this paper on Richmond land values, had an artist paint it on a large canvas, and presented it to the exhibit. One hundred elegant photogravures, size 28x40 inches, have been accumulated this week and are now being framed for hanging on the exhibit walls. Twelve elegant jars of fine sugar made by the California and Hawaiian sugar refinery at Crockett, also arrived and will repose under a fine large picture of the big sugar plant, for all of which we thank Mr. George Rolph, general manager of the company. The ripe Contra Costa fruit takes well and disappears like hot cakes on a frosty morning.

New buildings are going up all over the city, many fine new business blocks among them, and work is also to commence on a big business edifice at 23rd and Macdonald shortly, and another one a block north of there. Work on new school buildings will soon commence also, and building permits are keeping up their lick right along. We are growing so fact no one can keep track of it.

Henry Cutting got back from his mines in Nevada, and he must have brought back that sack of gold, also, as he has ordered a lot of improvements on the Canal subdivision, which are going to conform to the plans decided by the prize contest recently held.

A new bank is to be started in Richmond, but no one can find out just yet where it will be located, other than that it is to be somewhere along Macdonald avenue. It will have tons of money and is backed by well known financiers, who are reticent about talking for publication just yet.

Bouquet & Moran are going right along with their improvements on their tract in the northeast part of the city and it begins to look like business out that way. Quite a lot of building is going on all around that section also.

Henderson has a big gang of men and mules at work again on the Richmond Annex tract, to the southeast, finishing up the street work. That tract is about all sold out and many new homes are building on it.

Senator Owens is having a big picture made of his tract, showing eighty mule teams at work on the new streets, and had to call Vander Zweip and Boone out there to help club the mules into looking pleasant while their pictures were being taken. The picture is to be hung in the exhibition hall in the Lick building, San Francisco, and the derned contrary mules didn't seem to care whether they looked pleasant or not.

Two different projects are now rounding into form for ferry lines plying between Richmond and San Francisco and the Exposition grounds during 1915, and no doubt both of them will be put through, as ample capital is behind both projects.

RESOLUTION OF INTENTION NO. 191

A RESOLUTION OF THE COUNCIL OF THE CITY OF RICHMOND DECLARING ITS INTENTION TO IMPROVE A PORTION OF TWENTY-THIRD STREET, AND DETERMINING THAT SERIAL BONDS SHALL BE ISSUED TO REPRESENT THE COST THEREOF.

Be It Resolved by the Council of the City of Richmond, as follows:

Section I. That the public interest and convenience require and that it is the intention of the Council of the City of Richmond to order the following work to be done, in the City of Richmond, County of Contra Costa, State of California, to-wit:

That Twenty-third street from the southerly line of Macdonald Avenue to the northeasterly line of the right-of-way of the Southern Pacific Company, including all intersections between said lines, be graded to its full width to the official lines and grades, paved with a bitulithic pavement consisting of a six (6) inch cement concrete base with a two and one-half (2½) inch bitulithic wearing surface and a bitulithic flush coat, curbed, guttered and sidewalked with cement concrete. And have constructed therein iron pipe culverts with cement concrete wing walls and portals as follows: Under the sidewalk return at the northwesterly corner of Bissell Avenue and Twenty-third Street and under the sidewalk return at the northwesterly corner of Balboa Avenue and Twenty-third Street; That a catch basin of brick with a cast iron top and grating be constructed at the intersection of the easterly line of Twenty-third Street with the northeasterly curb line of Pullman Avenue. That an eighteen inch salt glazed vitrified pipe sewer be constructed from said last named catch basin to the existing manhole in Twenty-third Street opposite the westerly termination of Pullman Avenue.

Excepting and excluding from the above work any portion thereof required by law to be kept in order or repair by any person or corporation having railroad tracks thereon, and further excepting any part of said work now in to official lines, grades and specifications.

Reference is hereby made to Patent License Agreement of Warren Brothers Company dated June 22nd, 1914, now on file in the office of the Clerk of the City of Richmond.

All the above described work shall be done in accordance with the plans and specifications adopted by the Council of the City of Richmond for said work by its resolution duly passed at a regular meeting of said Council held on the 29th day of June, 1914, and numbered 191, now on file in the office of the City Clerk of the City of Richmond, reference thereto being hereby especially made.

Section II. That said City Council, under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California approved April 7, 1911, and known as the "Improvement Act of 1911" determines and declares that serial bonds be issued to represent the cost of said proposed improvements; said bonds shall be serial, extending over a period of nine (9) years from the second day of January next succeeding their date, and shall be issued to represent assessments of Twenty-five Dollars ($25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said Council upon an appeal; an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days in January and July, respectively, of each year at the rate of seven (7) per cent per annum on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

Section III. The Richmond Record-Herald, a daily newspaper published and circulated in said city of Richmond, is hereby designated as the newspaper in which this resolution of intention shall be published, and the City Clerk is hereby directed to cause this Resolution of Intention to be published by two insertions in said newspaper in the manner required by said "Improvement Act of 1911," and the Superintendent of Streets is hereby directed to cause to be conspicuously posted along the line of said contemplated work, notices of the passage of this resolution, in the manner and form required by said "Improvement Act of 1911."

Section IV. This resolution of intention is adopted under the provisions of the "Improvement Act of 1911" approved April 7, 1911.

I hereby certify that the foregoing Resolution of Intention was passed and adopted at a regular meeting of the Council of the City of Richmond, on June 29, 1914, by the following vote:

Ayes: Councilmen Follett, Fernald, Hartnett, Penry, Lane, Picton, Willis and Ludewig.

Noes: None.

Absent: Councilman Garrard.

In Witness Whereof, I have hereunto set my hand and affixed the corporate seal of the City of Richmond.

(Seal) A. C. FARIS,
City Clerk of the City of Richmond.

Approved:

O. R. LUDEWIG,
Mayor.

NOTICE TO CONTRACTORS

The Board of Education of the Richmond School District invites and will receive at its office in the Lincoln School up to 7:30 o'clock P. M. of July 7th, 1914, at which place and time the bids will be opened, separate sealed proposals on the following two jobs:

1. Painting the Nystrom School.
2. Furnishing all material for and constructing three portable school rooms.

Specifications for either job may be had at the Builders' Exchange, Tenth street and Bissell avenue, Richmond. Each bid must be accompanied by Twenty Dollars in coin or certified check made payable to the Clerk of the Board, which shall be forfeited should the successful bidder fail to enter into a proper contract within 5 days from the award of the same. The Board reserves the right to reject any or all proposals.

By order of the Board of Education of Richmond School District,

W. T. HELMS, Clerk.

June 23, 24, 25, 30; July 3, 6, 7.

A good oil stove does all that a wood or coal stove will do—and does it quicker and easier. There is no wood, coal or ashes to lug. That means light work and a clean kitchen. The

New Perfection OIL COOK STOVE

burns kerosene, the clean, cheap fuel. It is scientifically constructed. The chimneys direct a concentrated heat just under the cooking utensils. And the heat can be regulated—just like a gas range. The New Perfection is an ideal stove for home, camp or bungalow. It doesn't overheat the kitchen; doesn't smoke; doesn't taint the food. Ask to see it at your dealer's.
